EXCHANGE AND DOUBLE DEGREE STUDIES

South-Eastern Finland
University of Applied Sciences

Finland is the land of thousands of lakes.

Helsinki, the capital of Finland.

Welcome to Finland

Finland is a Northern European country bordering Sweden, Norway and Russia. Finland's key features are high standard of education, social security, and healthcare, all financed by the state. Forests cover three quarters of the country's surface area. Other outstanding features of Finland's scenery are some 190,000 lakes and approximately as many islands.

Finland is also the happiest country in the world!

Welcome to **Xamk**

South-Eastern Finland University of Applied Sciences – Xamk – is an institute of higher education focusing on

- wellbeing,
- technology and
- creative industries.

We train skilled professionals and create wellbeing and new business in a solution-oriented way. We provide education in eight fields of study, participate in research and development activities, and provide services to the businesses and residents of the area. There are campuses in four towns: Kotka, Kouvola, Mikkeli and Savonlinna.

International cooperation is an important part of our profile, with more than 300 partner

educational institutions around the globe.

- over 12 000 students
- 4 campuses in the towns of Kotka, Kouvola, Mikkeli and Savonlinna
- 900 full-time faculty and staff members
- 51 Bachelor's programmes, 9 taught in English
- 34 Master's programmes, 3 taught in English
- Double degree programmes
- Open UAS courses
- Extensive R&D activities

Exchange studies

Study in Finland! Apply for an exchange to South-Eastern Finland University of Applied Sciences. We offer studies in English in many different study fields.

International study PISA is a proof of education being at high level in Finland. This has aroused interest among foreigners in the Finnish education system. In our university we pay

a lot of attention to quality issues by continuous development of the quality system.

Our unique nature and four seasons are other good reasons to come for an exchange to Finland. You can experience snow and northern lights as well as the midnight sun and warm summer days all in one place.

Double degree studies

Double degree programmes are based on agreements between South-Eastern Finland UAS (Xamk) and its international partner institutions. The programmes are intended for students in our partner institutions who

wish to obtain a double degree. Many of the programmes are part of the full-time degree programmes at Xamk.
