3. What is the purpose for which my personal data is processed?

The aim of the project is to collect and share best practices in the Baltic Sea region for oil and chemical spill response, test the effectiveness of response equipment and create an action plan to strengthen performance and training activities. Personal data will be processed in connection with the registration of participants in events, exercises and/or tests of the project and, where necessary, for the purpose of contacting them for notification purposes in relation to mentioned events/activities.

4. On what basis is my personal data processed?

The legal basis for the processing of personal data is public interest (scientific research and research, development and innovation activities of universities of applied sciences).

The processing of personal data in scientific research is based on the EU's General Data Protection Regulation and national Data Protection Act. Scientific research is a task in the public interest within the meaning of the Data Protection Regulation, in which scientific research in the public interest is the basis for the processing of personal data (Data Protection Act). In the Data Protection Regulation (recital 159), the concept of research also covers RDI activities.

6. What kind of data about me is processed?

Personal data to be processed in connection with registration:

Last name, first name, e-mail, telephone number.

7. From what sources is my data collected?

Personal data is collected from the data subjects themselves when registering for the project events and/or training/testing sessions.

8. Will my personal data be disclosed to third parties?

Information on the register is not regularly disclosed to third parties. Certain information such as lists of participants may be disclosed to the Project Funder when reporting on project implementation as required by the funder. Information is published as far as agreed with the data subject.

Xamk may use third-party processors of personal data (e.g., IT service companies such as Microsoft) who process personal data under agreements entered into.

9. Is my data processed outside the EU or the EEA?

The data will not be transferred by the controller outside the EU or the EEA.

Xamk uses cloud services (Teams and OneDrive) as storage space. Microsoft may transfer data stored on these services or backups outside the EU or the EEA. The Microsoft Privacy Statement is available at: <https://privacy.microsoft.com/fiFI/privacystatement>

10. How long will my data be stored?

Personal data will be kept for the duration of the project and for as long as the need for their use still exists. In project activities, personal data is stored according to the filing time required by the funder. Project materials and materials that may contain personal data will be archived for 10 years in accordance with Xamk's policies.

11. How is my personal data protected?

The data is stored in the information system. Using the information system requires a strong user identification. The data in the system shall be accessed and used only by those data controllers who are entitled to do so for their work.

12. How can I exercise my rights under the Data Protection Regulation?

The rights of the register are listed in more detail in the Research Data Category's privacy statement (<https://www.xamk.fi/en/xamk2/data-protection-announcement/>).
